

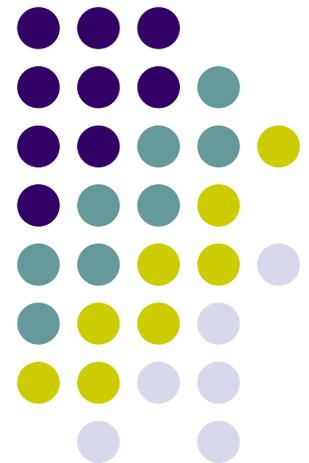

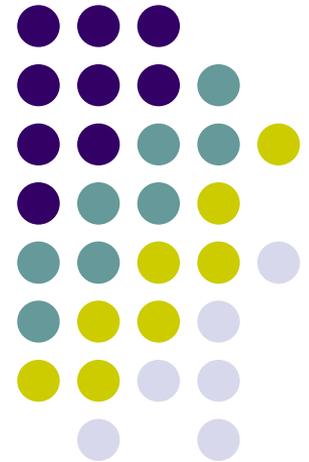

Photovoltaic Project

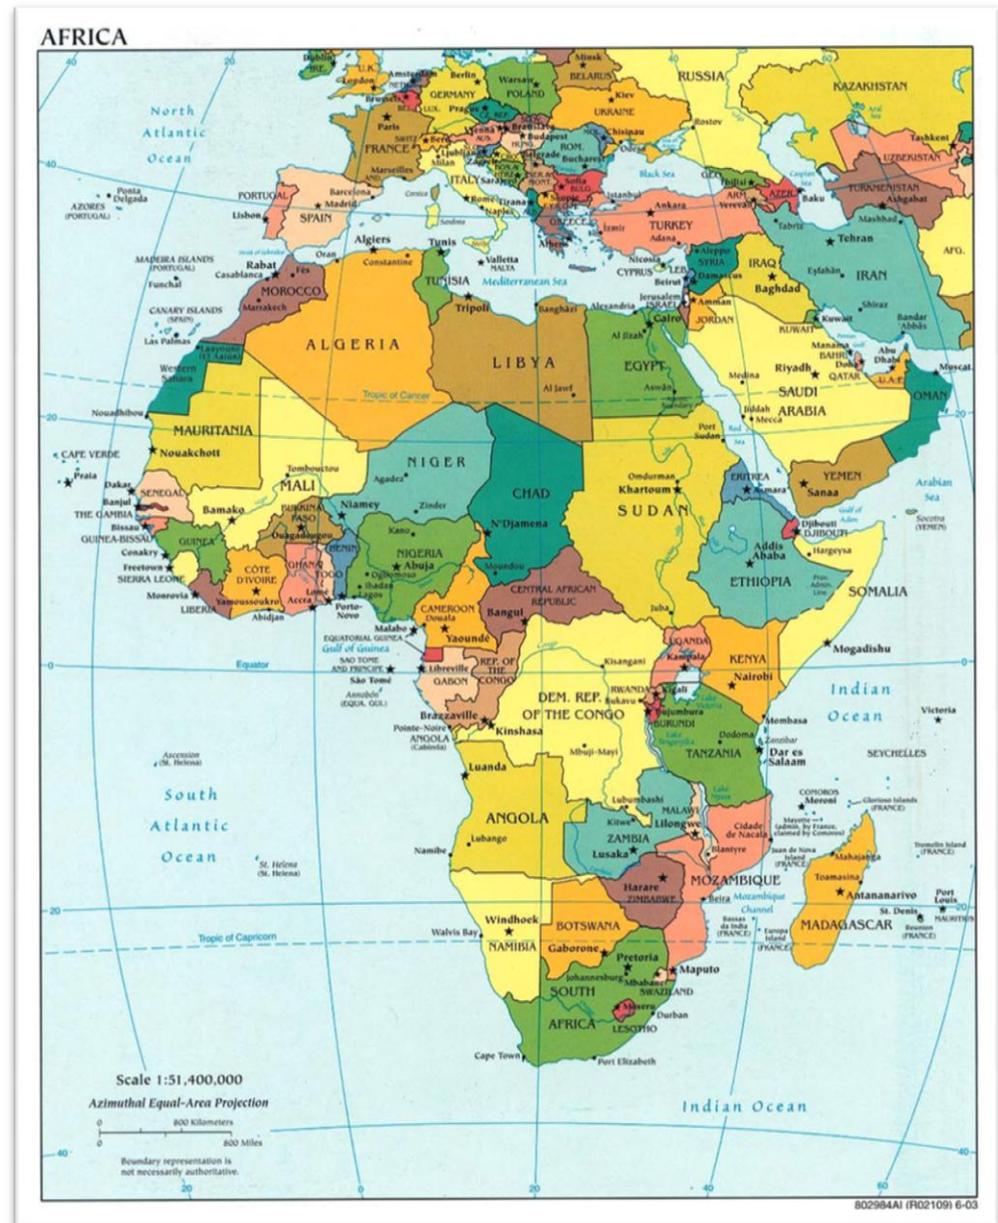

Sisters of Notre Dame de Namur
Congo-Kinshasa & Nigeria, Africa

What is it?

- An environmental project of the Sisters of Notre Dame de Namur providing electricity, clean water and internet access, using the power of the sun, for their missions in Nigeria and the Democratic Republic of Congo.

The project provides three services.

- The solar panels for electricity.

The batteries are also for the electricity.

The satellite for communication.

The water purification system.
